

Ku-ring-gai Community Workshop “The Shed”

Member Accreditation

Electric Arc Stick Welding	Accreditation Code	M6
----------------------------	--------------------	----

The key features of the Electric Arc Stick welder must be understood and be capably demonstrated during competency assessment.

Competency will be assessed on both knowledge of key features and demonstrated safe operation of the equipment.

This procedure must be read in conjunction with the Shed’s Safety Induction Package.

Assessment Reference: Electric Arc Stick Welding V003

Assessment checklist

	Assessor Initial
Prepare for welding with the correct attire and PPE	
Ensure suitability of area (ventilation or fume extraction; flash protection for others; decluttered and clear of flammable materials)
