This document applies to the following three Band Saws: Major 14”, Carba-Tec 14” and Major 19” and must be read in conjunction with the Manuals and appropriate guides.

This procedure must be read in conjunction with the Shed’s Safety Induction Package.

Assessment Reference: W3 Bandsaws V001

Assessment checklist

Describe the risks with the bandsaw, especially with regard to rounded timbers and proximity of fingers to blade	Assessor Initial
Carry out appropriate checks of the saw prior to use, including blade angle and fence angle	
Demonstrate correct height of blade guide assembly above the timber	
Discuss blade care – let the blade do the work, and do not force timber	
Demonstrate cutting a timber to a pre-determined width using the fence	
Demonstrate freehand straight and contour (curved) cutting	
Demonstrate cutting an internal right angle out of the corner of a piece of timber	
Demonstrate use of relief cuts to assist when cutting a tight convex curve on the end of a piece of timber
