 - Last Shed day for 2019 and clean-up **Thursday 19 December**
The Shed will reopen on **Monday 6th January**
-

A Christmas Message from the President

The President and Management Committee wish all members and their families all the very best for the Festive Season.

We all look forward to another active year at the Shed.

Stay safe and healthy in the interim.

Stephen Lloyd (President)

First Aid Course at The Shed

On Friday, 12 Shedders attended a First Aid course at The Shed, provided by Hand on Heart.

The course merged the half day CPR and Defib lecture and practice, and the full day First Aid course

The feedback on the course was very positive and we now have extra people trained and ready should emergencies arise, in the home or elsewhere.

The intention is to repeat this Course every 12 months, to keep Shed First Aiders up to date and to encourage others to complete this worthwhile course

What We Do

The Games People Play

Bernhard V displaying his Chess/Checkers board.

Another example of the fine woodworking being achieved at The Shed

Stephen's Pot Plant Stand

Stephen M. refurbished this pot plant stand. It was about 30 years old with a thick layer of paint and varnish.

He spent countless hours scraping off the paint till it was back to the bare wood. The grooves proved to be a particular problem, but using a sharp steel edge got the job done.

He finished the oak wood with a polyurethane coating. It was intended for outside but when his wife saw the finished product, it was promoted to a pride of place inside. A job well done.

Colourful Mobile

Hetta M produced a mobile inspired from a similar example he saw at an exhibition in the Victorian art museum in Melbourne. It rotates on a string from the hanging wire frame that is fixed to the wall.

Each side is painted a different colour to give a new colour combination as it rotates in air currents.

The shape is made from acrylic with the fish like shaped panel slotted in a groove milled into the second panel. Both shapes were cut with the bandsaw from a hand-drawn pattern. It is a mesmerising object to watch.
