

Kushed Bulletin

Issued by: Ku-ring-gai Community Workshop 'The Shed' Inc.

Date: 7 July 2021

The Shed is Closed until Monday, 19th July

As a consequence of the most recent announcements by the NSW State Government, our Shed is still closed and will reopen on Monday 19th July.

We are keen to see all members remain safe and well.

If any member requires assistance or support during this period please email kushed@bigpond.com or call 0400297664

It is important to maintain perspective during this period. We will all be supporting the greater good for the community whilst maintaining our own safety and that of our families.

It is anticipated that the further one week lockdown will provide containment of this outbreak.

There are indications that Sydney will reopen with extra Covid related conditions. Once these new restrictions are announced, we will update you

If you feel unwell, I encourage you to get tested.

If you have not yet been vaccinated, I would encourage you to do so.

We look forward to welcoming you back when the restrictions are eased

Brian Killin - President

Time for Reflection

We are currently looking at how we might improve The Shed.

The result of this will be a plan of purchases and activities for the next two years

Given you are stuck at home for the next nine days, here is something to keep your mind agile

Can you reflect on what machines, facilities and functions we have at the shed, and what we could buy or build or modify that would improve our ability to service the needs of our members and the wider community

- Could some machine be improved by adding an extra piece or extra tools or accessories
- Could we cater for some other craft or art with a particular machine
- Could we have more storage, and if so for what
- Is there anything that would make life at the Shed easier or more enjoyable
- Is there something that you use at The Shed that annoys you for some reason

All ideas and comments are welcomed and can be sent to kushed@bigpond.com

They will be collated, costed and discussed at the next Committee meeting.

Small things could be implemented quickly, larger items or activities may require longer time frames or applying for grants

Thanking you in anticipation

The Shed Committee
